COMPUTER FORENSICS CORE COMPETENCIES

When: December 14 -18 2009, 9AM-5PM Daily

Where: Lower Columbia College, Longview, WA

ENROLL BY DECEMBER 1ST FOR A 20% DISCOUNT

Enroll for the most comprehensive five-day class on computer forensics available. This course focuses on real-world scenarios and is instructed by leading computer forensic experts who have trained soldiers to perform forensic analysis in the Mideast as well as members of Federal and State law enforcement agencies. You'll pay thousands more elsewhere for training that even comes close to what you will receive in this class.
